

2022 US Geography Championships Multiple Choice Examination - Part 1 Elementary School Division

Instructions – This portion of the multiple-choice examination consists of 40 questions. You will receive two points for a correct answer. You will lose one point for an incorrect answer. Blank responses lose no points. Please fill in the bubbles completely on the answer sheet. You may write on the examination, but all responses must be bubbled on the answer sheet. All images are contained in the resource booklet. Diacritic marks such as accents may have been omitted from place names and other proper nouns. You have one hour to complete both the written portion of the examination and this set of multiple choice questions.

- A. it cannot be organic
- B. it is usually heavily mechanized
- C. it may use genetically modified crops
- D. it may involve the use of pesticides

20. Which of these is NOT true of organic agriculture?

- A. it requires use of genetically modified crops to increase efficiency
- B. it places emphasis on sustainable practices
- C. it allows the use of natural fertilizers like manure
- D. it allows the use of natural pesticides to control insects

The remaining questions on this part of the test will refer to pictures on the resource page.

Questions 21-30 refer to the map in Section 1 of the resource page.

21. Which of the following is the lake at number 6 on the map?

- A. Lake Como
- B. Lake Geneva
- C. Lake Ladoga
- D. Lake Baikal

22. What colorfully named sea is at number 7 on the map?

- A. the Red Sea
- B. the Black Sea
- C. the Yellow Sea
- D. the White Sea

23. What number on this map indicates an exclave?

- A. 10
- B. 11
- C. 13
- D. none of these are exclaves

24. What small European nation is indicated by number 12 on the map?

- A. Belgium
- B. Liechtenstein
- C. Monaco
- D. the Netherlands

25. What major European river flows through the national capital indicated by number 11?

- A. Volga
- B. Thames
- C. Danube
- D. Po

26. Which number indicates the North Sea?

- A. 2
- B. 3
- C. 5
- D. the North Sea is located just south of number 8

27. Which of these countries does NOT have a coastline on the Baltic Sea?

- A. Estonia
- B. Lithuania
- C. Poland
- D. the Netherlands

28. What country is indicated by number 10 on the map?

- A. Moldova
- B. Italy
- C. Greece
- D. Austria

29. What national capital is indicated by number 9 on the map?

- A. Vilnius
- B. Minsk
- C. Riga
- D. Kiev

30. The landforms indicated at number 4 on the map were primarily created by which of the following?

- A. meteor impacts
- B. earthquakes
- C. glaciers
- D. volcanic activity

Questions 31-40 refer to the image in Section 2 of the resource page.

31. What is the name given to fertile land in a desert environment, marked with 8 on the image, where fresh water usually contacts the surface?

- A. yardang
- B. oasis
- C. sink
- D. fan

32. In what direction would the prevailing wind that produced the dunes at number 9 on the image blow to produce dunes of that shape?

- A. towards number 7
- B. towards number 2
- C. towards number 4
- D. none of these directions would produce these dunes

33. What feature is shown at number 5?

- A. wadi
- B. canyon
- C. plateau
- D. alluvial fan

34. Which number on the image shows a pediment, a shallow slope eroded from a steeper one?

- A. 1
- B. 2
- C. 3
- D. 7

35. What number on the image shows a butte?

- A. 2
- B. 3
- C. 4
- D. 5

36. What is the difference between a butte and a mesa?

- A. a butte is always shorter than a nearby mesa
- B. the top of a butte is narrower than its height and the top of a mesa is wider than its height
- C. a butte is closer to its parent plateau than a mesa
- D. a mesa is formed by erosion and a butte is formed by deposition

37. Why do inselbergs, also known as monadnocks, sometimes form in desert areas?

- A. because of volcanic eruptions
- B. due to sediment buildup from flash floods
- C. due to the erosion of softer rock and other material leaving an isolated body of harder rock exposed
- D. due to accumulation of large amounts of material from mass movement

38. Which of these is an example of an inselberg?

- A. Uluru (Ayer's Rock) in Australia
- B. Mt. Kilimanjaro
- C. the Great Escarpment in South Africa
- D. Mt. Whitney

39. Roughly how much of the land surface of the Earth is arid or semi-arid?

- A. 75%
- B. 50%
- C. 33%
- D. 10%

40. Which of these is desert area characterized by wind-swept sand with little or no vegetation?

- A. hamada
- B. reg
- C. gibber
- D. erg
